About EGOT

EGOT is a European lingerie brand created for women with curves and for those who value impeccable fit, aesthetics and comfort. We pay special attention to garment construction so that every EGOT piece enhances the silhouette, provides support and inspires confidence — regardless of size.

Femininity at EGOT is expressed through form, fabric and elegant design. We create lingerie as an extension of character confident, refined and functional — designed to support the many moods and states of a woman, from sensual softness to structured elegance.

At the heart of EGOT's philosophy lies the balance of aesthetics, comfort and exceptional quality. Each piece is built with meticulous attention to detail and the interaction of textures: embroidery and satin, velvet and tulle, transparency and structure. We work with form as carefully as with sensation — EGOT lingerie never distracts, but enhances; never dominates, but elevates the body's natural beauty.

EGOT speaks the language of modern femininity — multifaceted, conscious and free from stereotypes. Our collections are designed for life in all its rhythms: everyday comfort, special moments and inner confidence. This is lingerie where aesthetics become part of how you feel.

Autumn–Winter 2026/2027

This EGOT season is about balance — of shapes, textures, functionality and mood.

About five facets of femininity, each revealed through fabric, silhouette and thoughtful details.

The **Valerie**, **Lumière**, **Voile**, **Noir** and **Lucile** collections are united by EGOT's dedication to quality, refined detailing, architectural lines and aesthetics. The interplay of textures and finishes creates expressive accents while maintaining harmony and continuity throughout the season.

From the sensual embroidery and subtle glow of **Valerie** and **Lumière** to the minimalist silhouettes of **Voile** and the architectural velvet lines of **Noir** and **Lucile** — this season offers diverse moods within one cohesive language of modern lingerie: confident, refined and functional.

Lumière

The **Lumière** collection embodies femininity with character.

Its energy unfolds through botanical embroidery on illusion tulle that blends seamlessly with the skin tone. Delicate gold thread highlights the motif, creating a soft glow — as if the embroidery is illuminated from within.

Contrasting black satin adds boldness and depth, while elegant gold hardware transforms every detail into a statement.

Lumière is a collection that not only enhances feminine allure — it makes it tangible.

Voile

Voile is a minimalist collection where comfort becomes aesthetic.

Delicate stretch mesh softly follows the body's lines, creating the effect of a light veil — almost weightless, like a second skin.

The collection is presented in two shades:
deep black and warm Bali Brown — a natural, skin-inspired tone that enhances the body's natural beauty.

The minimalist design is complemented by elegant gold hardware, adding subtle accents and a refined finish.

Created for everyday comfort, **Voile** is light, thoughtfully constructed, and effortlessly sensual while remaining modern and stylish.

Voile is where clean lines, comfort and contemporary elegance come together in a calm, confident aesthetic.

Noir

The **Noir** collection is a harmony of classic tailoring and a refined play of textures.

Luxurious black velvet forms the foundation, while inserts of invisible tulle create visual illusions and highlight the cut, shaping striking architectural lines. The contrast of materials adds lightness and movement.

The elegant bodysuit silhouette of the **Noir** collection enhances the décolletage while maintaining structure and a sense of refined discipline.

Noir is an evening collection where classic design meets modern minimalism, creating a bold, structured, and sophisticated silhouette.

Lucile

The **Lucile** collection evokes intimacy and slow, indulgent evenings where time seems to pause.

The **Lucile** robe softly embraces the silhouette, allowing the form to flow freely and naturally — without rigid lines, gently accentuating the body's curves.

Light black tulle creates an airy, semi-transparent effect, velvet adds depth and tactile softness and embroidery appears delicately as an elegant decorative accent. The textures work together to evoke calm, intimacy and sensual comfort.

Lucile is a languid evening embodied.

A collection created for moments of solitude and quiet indulgence — when aesthetics becomes part of the feeling of self.
